A drop in the bucket?

More like... a drop in the ocean!

The Church around the globe...

- **Faces Overwhelming Numbers** 55 million people are added to the world's population each year — three-quarters of them will not be raised as Christians.
- **Wars Against the Culture** America and the West have become post-Christian cultures in which Christians find themselves with diminishing political power and social influence.
- **Struggles to Sustain Growth** Evangelism efforts implode without discipleship and leadership programs following close behind. Even successful campaigns experience difficulty producing 2nd-generation leaders.

Yet, the Church continues to develop pastors and leaders using the same traditional model — hoping for better results!

A trickle of hope exists:

BILD International has developed a method, the networks and proven educational materials to train a million Christian leaders in the greatest evangelical organization that was ever created – THE LOCAL CHURCH.

BILD International Understands the Times

As described in 1 Chronicles, men gathered from each tribe with the goal of making David king over all Israel. *“From Issachar, men who understood the times and knew what Israel should do....” (1 Chronicles 12:32)*

BILD's goal is to make Jesus king in all the world by leveraging the latest research, insight and wisdom in global trends.

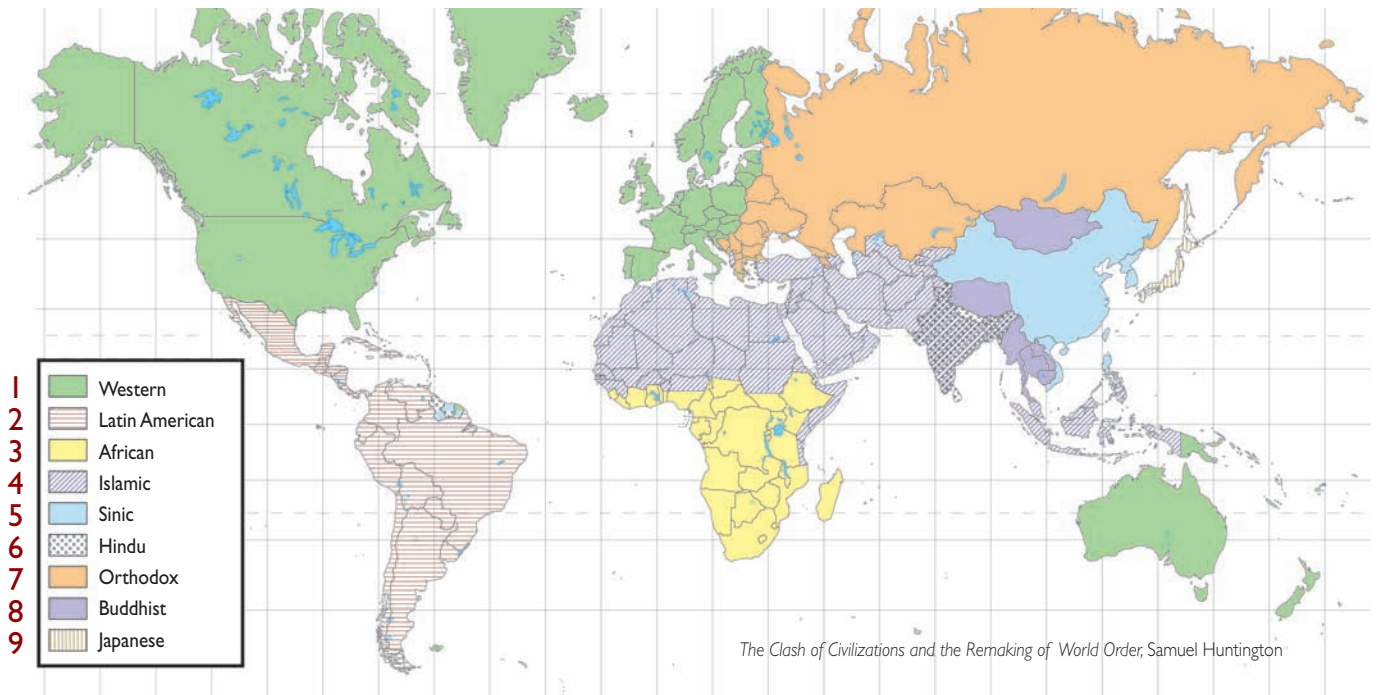

BILD integrates three strategies for training leaders within their local churches.

3 Mega-Strategies Emerge

9 Civilizations Set the Stage

For church-planting movements to be effective, they must be developed within the context of the nine clearly defined civilizations. Bound by common languages, history, culture and/or religion, these distinct geographies form the framework for all activities.

Global Cities Hold the Key

For the Church today to achieve rapid explosion and great impact, the world's large metropolitan areas must be transformed. **These “global cities” are so culturally, economically, socially and politically influential that – if they are won for Jesus, the World will follow.**

BILD has contacts, organizations and plans in place to revitalize the urban centers of these global giants. New York, London, Singapore and Tokyo are all examples of fertile ground for new churches and organizations focused on often-neglected younger, urban-center or ethnic-specific groups.

Global Tribes Provide the Connections

Ethnic identities transcend all geographic boundaries, and the Internet only accelerates these vital connections. BILD International understands this and can leverage inroads made in one area into a massive educational program half a world away. For example, one Portuguese network reaches from Portugal to Mozambique to Angola to Philadelphia. An effort to reach Albanians in New York City sends ripples across Eastern Europe.

An eternal stream

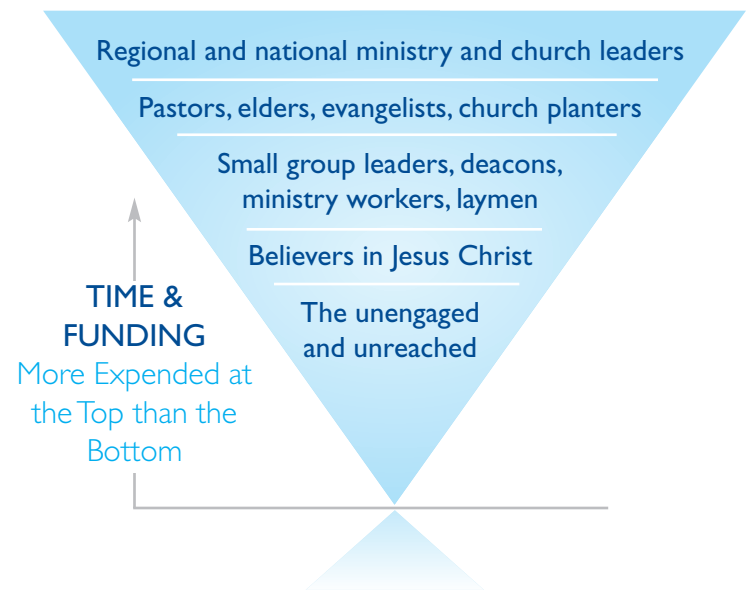

“To provide leaders around the world with residential theological seminary training alone would end up spending \$15 billion every year.”

DR. RALPH WINTER missionary statesman and mission thinker

For generations, the Western Church has frequently emphasized traditional, formal theological education – some programs lasting as long as 15 years. This routine has often:

- Created a small number of “academics” – bypassing a multitude of frontline workers who want deeper training.
- Failed to focus time, energy and resources where verified results happen.
- Caused excessive spending by sending “foreign” missionaries abroad. **The greatest strides possible – with the least amount of resources – happen when indigenous believers carry the message!**

This diagram illustrates the current situation – producing limited results.

This diagram shows how BILD can train 1 million Christian workers – by turning the process upside down!

The Power of One Drop

Although formal biblical training remains important, BILD International would rather reverse the current situation. By mobilizing top-level leaders to lead and equip those with less training, education can multiply. One leader can train 10 people effectively. Those 10 can train 100, and in turn, they train 1,000 – and so on to 1 million Christian workers trained!

BILD International has assembled the necessary ingredients to win the World for Jesus Christ.

BILD has:

- Partnered with major “Great Commission” organizations that have members, a “delivery system,” and hunger for training. Helping them develop leaders shortens the training time, reduces the overall cost and increases the harvest!
- Gained endorsement and support from scores of Christian denominational and evangelistic organization leaders and staff.
- *Developed field-tested materials, resources and technology to build disciples into leaders...* and leaders into agents of transformation. Each “Great Commission” organization conducts training – based on its individual theology – after the leadership has achieved BILD certification.

BILD’s three central concepts form a solid foundation for building practical ministry skills:

1. non-formal
2. church-based
3. competency-based

When combined, they build godly character and deep biblical understanding WHILE students serve locally. BILD International attacks the challenges that face training millions of new disciples and leaders around the World. Whether students pursue a degree or simply deepen their faith for godly service, **BILD International’s training resources meet a desperate need.**

“The greatest need in the world is the transformation of human nature. We need a new heart that will not have lust and greed and hate in it. We need a heart filled with love and peace and joy, and that is why Jesus came into the world.”
