Explore Discipleship & Leadership Development using church-based theological education

BILD's Focus

BILD's efforts focus on establishing the local church as the center role of trainer, educator and missionary sender. BILD's three central concepts build practical ministry skills:

- Non-formal education
- Church-based teachings & materials
- Competency-based focus & evaluation

When combined, they build godly character and deep biblical understanding WHILE students serve in your church. BILD International attacks the challenges that face training millions of new disciples and leaders around the world. **Whether students pursue a degree or simply deepen their faith for godly service, BILD International's training resources meet a desperate need.**

BILD's Beginnings

BILD's origins are from the early 1970s. Witnessing a local leadership void, Jeff Reed began researching and developing training for church ministry. Over the next 40 years, the content grew and matured.

Foreign and U.S. churches approached Jeff for training. BILD International formalized and now adapts training for almost every Christian tradition and denomination. BILD's field-tested material, efficient technology and 1st century approach to developing leaders and disciples produce success.

BILD's Two Main Divisions

The BILD Institute: Transforming believers into disciples and leaders using church-based materials. These modules build personal faith, establish fruitful lives and expand the believer's role in the Church – locally and across the globe.

The Antioch School: Accredited, church-based university. Through this unique, low-cost university, church-planters, missionaries, pastors, evangelists, and bi-vocational ministry leaders earn accredited degrees (*Certificate, Bachelor, Master or Doctor*) through their home church.

Begin Your Church's Training and Education

Consider BILD materials and training for your church. Call, go online or mail the accompanying card to indicate your level of interest.

Information will be provided.

2

Support Start with as little as \$100 per month to increase your legacy – a hundredfold

Christian Leaders – Worldwide – Need You

BILD International has developed robust relationships (worldwide) with in-country churches and church-planting organizations committed to long-term growth and development. These ministries want to begin Antioch School training.

Strong leaders – eager for deeper training with Antioch School degrees – need sponsorships.

Leaders from every country wait... not having enough money to afford even low-cost materials and tuition. Funding sponsorships remains an urgent need.

Resources and energies are invested in proven ministries only after thorough evaluation to ensure that sponsorship gifts will have lasting impact.

A “Drop” Starts It

Many churches embrace BILD’s approach by starting with a \$100/month contribution from their missions’ budget. **They become a Sponsor Church** and increase their evangelism impact a hundred-fold. In-country pastors and missionaries require fewer dollars of support – often seven to 10 times less – with even greater lasting results.

Will your church support a complete sponsorship? A \$5,000 sponsorship (over four years) provides a degreed person (**Bachelor through Doctorate options**) and 10 certified pastors/church planters that will result in 1,000 trained leaders.

This diagram shows how YOU can train 1 million Christian workers.

Because of BILD’s process of mobilizing top-level leaders to equip those with less training, education can multiply quickly and deeply. **One leader can train 10 people effectively. Those 10 will train 100. In turn, they train 1,000 – and so on until millions of Christian workers are trained!**

3

Champion 5 or more Sponsorships over a 4-year period begins the training

Become a Champion

Church-based theological education gains immediate traction when Champions step up.

BILD's training is conducted in a cohort – a group of committed students (usually eight to 20) who train together and expand into a strategic network. A cohort's training begins once at least five sponsorships have been funded.

That's why Champions are so important. By their commitment, a new training group can start on the journey toward their Certificate, Bachelor, Master or Doctor degree.

Champion Church Benefits

- **Gain access** to BILD's annual International Conference* where hundreds of "nationals" gather from around the world to learn, network and share.
- **Visit your project "on the ground."** **Champion Churches** can give their leadership or missions committee a life-changing experience.
- **Contact BILD executives and other partners** directly through phone and video conferencing. Frequent updates help keep everyone informed and involved.

* International conference participation requires pre-certification and registration.

Change the World

Where has God knitted your heart? BILD probably has a program there. BILD International currently works in 40 countries worldwide – with urgent requests from church-planting organizations in 80 more! Direct your gift where your passion lies.

4

Partner 10 or more Sponsorships over a 4-year period

Grow Your Church into Partnership

Partner Churches commit at the highest level. Their leaders train with BILD materials so they can participate with BILD in the training process of churches they sponsor.

Partner Churches enjoy all the benefits offered to **Sponsor** and **Champion Churches**.

Deep relationships and growth happen as leaders sharpen and train key international leaders – often half a world away.

Partner Churches satisfy these criteria:

- Certified in BILD leadership development
- Committed to support 10 or more complete sponsorships over a four-year period

Partner Churches Say...

“Our church used to take ‘glorified vacations’ and call them mission trips. We would go to several different countries over several years. We would serve and preach, but then leave with no followup.

After the BILD training, we understood the churches’ role towards missions. In one trip to Haiti after the earthquake (2010), we applied what we learned. At one service, 90 people accepted Jesus Christ as Lord and Savior. Normally, we would find a local church to pass them off to – and pray they would stay connected. Not this time....

We started a church with that group and discipled the new believers. We would never have done that without the BILD training.”

Pastor Mullery Jean-Pierre
Beraca Baptist Church, Brooklyn, NY

We want to begin on the Path!

International Ministry Partners Say...

"When Christ found me in 1992, I was Muslim. At that time, the Bible was not yet in the Albanian language. For 16 years, I never heard the words 'discipleship' or 'church-planting.' Then, I was introduced to BILD. I believe BILD's teaching curriculum is an incomparable training answer for every Christian, for each leader, for every church in every culture and in every time."

Pastor Dr. Femi Cakolli, Kosovo

"Three years ago, I was lost in the world of smuggling. After some bad circumstances, I was looking for help at a church altar. I received the Lord's forgiveness and decided to leave my 'business.' God changed my family relationship and saved my marriage. I began to attend a small study group using BILD materials.

Through my church, now I can get a Bible degree and training to help others find the peace and development I have found. I have been asked to begin a new church at a new neighborhood."

Fidel Acosta, Asuncion, Paraguay

"Every day our organization baptizes thousands. *The biggest challenge is discipling.* BILD's material is integrated, complete, cost-effective and easy to evaluate. It used to be that we could only test a student's recall of facts. With BILD, we can assess a believer's maturity, knowledge, skills and growth."

Watson Judson, CEO
Church Growth Association, Chennai, India
